Heather,

Thank you for your email. Attached please find an amended notice, which contains a revised Topic 24. With that revision, please confirm whether the witness on Tuesday will be prepared to address that topic.

With respect to Topics 15, 16, 20, and 23, we have not revised those in the amended notice. We will plan to file a motion to compel on those topics assuming JBS maintains its objections and its refusal to provide a corporate designee on them. If there is anything else to discuss regarding those, please let us know.

Thanks.

Sarah,

Given that we received the revised set of topics on the Friday evening before labor day weekend, it is unreasonable to expect us to revert back by the Tuesday following Labor day (particularly given that we have been waiting for three weeks since our meet and confer). We will get back to you as soon as we can but given the breadth of the topics, and in light of Sysco's own 30b6 responses and objections, we think it will likely make sense to serve our responses and objections as soon as possible and go from there. We still expect the deposition to proceed on September 27.

Counsel,

It has been three weeks since our meet and confer. You said you would endeavor to provide narrower topics within two weeks. We have yet to receive those. Please let us know what your intentions are with the 30(b)(6) notice. Based on our prior conversations, we are provisionally holding September 27 open for the deposition but obviously, our ability to get one or more witnesses prepared for that date depends on whatever actual notice you serve and when you serve it.

Confirming receipt now as I was traveling last week. Thanks for sending the draft notice. We are reviewing the draft and will discuss with JBS. Due to client travel and other conflicts, I think we should aim for a call to discuss next week sometime after the Lorenger deposition, and we will circle back later this week or early next week about setting that call up.
